DURA OUTDOOR

Unleashing Possibilities in Digital Signage

Elevate your outdoor projects with the DURA Outdoor, a robust and weatherproof digital signage solution designed to meet the demands of diverse environments. Ideal for applications ranging from advertising and interactive city installations to wayfinding and tourist information, the DURA Outdoor opens up endless possibilities for engaging and informative content.

Key Features:

- Available Screen Sizes: 32" | 43" | 49" | 55" | 65" | 75"
- Weatherproof Design: Crafted for durability, our fully weatherproof unit boasts an anti-glare-coated glass with an IR/UV filter. This ensures optimal visibility of your messages, even in direct sunlight, while protecting the monitor from heat absorption.

Specifications:

- Customization Options: Tailor the kiosk to your brand with customizable features such as branding, powder-coated finishes in RAL colors, graphic laminate, and LED lighting.
- Interactive Technology: Utilize Displax's projected capacitive touch foil for a seamless interactive experience.
- Audio and Visual Enhancements: Enjoy crystal-clear sound with Dell 12W speakers and capture high-quality visuals with the Logitech C920 camera.
- Payment Solutions: Provide convenience with credit card and NFC payment options.
- Connectivity: Stay connected with integrated WiFi capabilities, enabling communication with the integrated PC or creating a WiFi hotspot for users.

Whether you're enhancing urban landscapes or delivering vital information, the DURA Outdoor is your reliable partner.

FLEXI Outdoor

Revolutionize your parking management with Conceptkiosk's FLEXI Outdoor—an ideal solution for efficient and user-friendly parking payment systems.

Tailored for payment solutions, the FLEXI Outdoor kiosk is extensively used in parking garages and open lots. Its durable and weatherproof design, available in screen sizes of 19" and 22", ensures reliable operation in various outdoor conditions.

Customize the FLEXI Outdoor with the specific components needed for your parking project. Whether you're enhancing access gate controls, integrating ticketing systems, or improving wayfinding, the FLEXI Outdoor offers versatility and adaptability.

FLEXI ACCESS GATE

The FLEXI Access Gate thrives in diverse environments, acting as the first point of contact before granting access to your company or facilities. Its weatherproof design makes it suitable for various applications, ensuring a seamless blend of security and innovation.

Access Gate Controls: Ensure secure access with cutting-edge authentication features.

Ticketing Systems: Simplify ticketing processes for events or transportation hubs.

FLEXI Access Gate is adaptable to your needs and preferences.

Our wide range of options guarantees a solution that aligns perfectly with your requirements.

DURA OUTDOOR ON LEGS

Outdoor Information Hub

Introducing the DURA Outdoor on Legs, an innovative outdoor information hub designed to seamlessly integrate into public spaces. A versatile alternative to the wall-mounted unit, this kiosk model finds its place in parks, town halls, churches, and beyond, offering a dynamic platform for communication.

Key Highlights:

- **Striking Design:** The sleek and contemporary design of the DURA Outdoor on Legs enhances the visual appeal of any outdoor setting. Its elevated position ensures eye-level interaction, making it a focal point for information dissemination.
- **Wide Range of Applications:** Tailored for diverse applications, this outdoor kiosk serves as an effective tool for advertising, wayfinding, and conveying tourist information. Its adaptability makes it a valuable asset for a range of projects.
- **Sturdy Construction:** Engineered for durability, the kiosk is constructed to withstand the rigors of outdoor environments. Resistant to varying weather conditions, it stands tall as a reliable and long-lasting information hub.

Deploy the DURA Outdoor on Legs to transform outdoor spaces into interactive hubs of information, providing a valuable resource for visitors and locals alike.
